This position will report to the Finance Director and play a key role in the future expansion and development of the business. You will work closely with the CEO, Directors and Bollinger Team to prepare financial reports, operating models and budgets. Additionally, you will have an impact on building financial best practices for a growing company.

Essential Duties & Responsibilities

- Provide timely reporting on the Company's financial condition to senior management
- Coordinate financial reports, including cash and expense forecast, in close coordination with the Company's Finance Director
- Provide analysis and recommendation on procedures, policies, and best practices for accurate and timely financial reporting
- Prepare the monthly financial reporting package for both senior management and external stakeholders
- Ad hoc reporting and assistance to the Finance and Accounting teams
- Manage the overall Annual Budget process with Executive Team and Directors
- Report on vendor analysis, expense, cash, GAAP, internal, strategic model
- Collaborate with Program Management and Engineers to determine impact of various inputs to the financials
- Prepare financial modeling for a pre-production automotive company into production
- Create and manage dashboard reporting for detailed Cash Forecasting
- Continuously review processes to determine areas for process improvement
- Support month end reporting, actuals analysis, process support
- Work with Finance and Executive Team on other various financial analysis for internal and external stakeholders

Education, Skills and Knowledge

- Bachelor's Degree from a top institution with a Finance or Accounting emphasis
- 3+ years' experience
- Experience in automotive industry required
- Ability to work in a small to mid-sized organization and entrepreneurial culture with less defined roles and smaller teams
- Analytical skillset with the ability to think big picture while also willing to be hands on and detail oriented
- Well-rounded individual with an enthusiasm for learning new things and working in different areas
- across the organization
- Self-motivated, self-managed, team player able to lead by example with an exceptional level
- of honesty and integrity
- Great oral and written communication skills required
- Experience with ERPs, Consolidation systems and Budget software a plus
- Highly proficient in Microsoft Office applications, specifically Excel
